## Send your emails now - Rezone RSL 9m Residential

The Waverley Councillors will be meeting this week for a workshop on the planning controls at the Macpherson St and St Thomas St Neighbourhood Centre. It is our understanding that the council planners have completed their review and will be discussing it with the Councillors at this upcoming workshop. The report will then be tabled at the February 19 Council meeting where the Councillors will vote on any changes they wish to make to the planning controls at the Bronte RSL site.

It is very important that we email/write to **all** the Councillors now, before they meet, and ask that the planning controls be strengthened. **Ask the Councillors to rezone the RSL site residential** (+/- existing use rights for the RSL Club) and to return the height limit to its previous **9 metre level**. The worst case scenario is that the Councillors help the WLB-RSL partnership by slackening the controls to allow their multi-storey shopping proposal to be approved. Don't let this happen - please take 5 min today to fire off an email to all the Councillors (the email addresses are in this newsletter.)

Make sure you put February 19 in your diaries. We need a massive crowd at the council meeting to show the Councillors how strongly the community feels about this overdevelopment.

*The massive size of the proposed WLB development is clearly shown in this diagram. It is at least 2 times (and more likely 3 times) the permitted size.*

# Reclaim Bronte's future with us

Write to all the Councillors today - **Rezone RSL Residential + 9m height limit**

## WHO IS SAVE BRONTE VILLAGE?

Save Bronte Village is a group of local residents from all over the suburb. We are apolitical. We come from all age groups, different socio-economic backgrounds, and have wide ranging political views. Some are long term and some are short term locals. There is a committee who meet weekly to plan our battle for Bronte's future. There are many more volunteers who letterbox drop, donate their expertise in areas such as the law, planning and communications and help out in other ways. Our many supporters offer ideas and information that helps us to be an effective community action group fighting to take back control of our suburb's future. We always welcome any fresh ideas for action. If you'd like to help or if you have information you think would be useful in our campaign please email us [savebrontevillage@hotmail.com](mailto:savebrontevillage@hotmail.com)
