

SAVE BRONTE

DA-Day

RSL DA to be assessed on Wednesday 16th December

The Waverley Development Assessment Panel (WDAP) will consider the 2015 Bronte RSL DA at 12 midday on Wednesday 16th December at the Council chambers on Bondi Road. **It's still too big.**

At this meeting the WDAP will determine the future of this DA by either rejecting it or giving it consent to be built.

We need a large crowd to ensure that the WDAP makes the DA truly comply with the planning controls.

This is the final stage of our community's 3 year strategic planning journey together. Our community has achieved so much in that time.

Now we need one last big effort to make sure our campaign for an appropriate re-development of the Bronte RSL site comes to fruition.

The amended plans for the Bronte RSL DA (DA 264/2015) are still too big and will result in unacceptable impacts on our neighbourhood centre. The 2015 plans **STILL DO NOT COMPLY.**

We will be asking the WDAP to make the developer change the DA to comply with the controls.

We need your help - please join us at the WDAP meeting. Let's hold the developer to account. (If you have one, please wear your famous blue Save Bronte t-shirt.)
